**The Honorable Members of the Board of Supervisors
County of Surry, Virginia**

Members of the Board:

I am pleased to submit to you the Annual Financial Report of Surry County (the "County") for the fiscal year ended June 30, 2009. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management of the County. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute assurance that the County's financial statements are free of any material misstatements and are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP).

To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County. We all believe that all disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included. It is important to add that staff is continuing its efforts to provide the highest standards of an internal control framework.

Section 15.2 2511 of the Code of Virginia requires that local governments have their financial records audited annually as of the end of the fiscal year by independent certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2009 are free of material misstatement. Robinson, Farmer Cox Associates (RFCA) performed this service and based upon the various audit testing performed, have issued an unqualified opinion on the County's financial statements for the year ended June 30, 2009. The independent auditor's report is located at the front of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion & Analysis (MD&A). It can be found immediately following the report of the independent auditors. The MD & A complements this letter of transmittal and should be read in conjunction with it.

Sections of the Report

The annual financial report is presented in four sections in accordance with general accepted accounting principles as set forth in the pronouncements of the Governmental Accounting Standards Board as follows:

- (1) Introductory Section – which contains the County's organizational structure and this transmittal letter

- (2) Financial Section – which consists of the independent auditor's report, management's discussion and analysis, the basic financial statements, including the notes to the statements, required supplementary information and other supplementary information.
- (3) Statistical Section – which is unaudited and includes selected financial and demographic information generally presented on a multi-year basis
- (4) Compliance Section – which is comprised of the independent auditor's reports on internal control and compliance with applicable laws and regulations as required by the *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non –Profit Organizations*, the Schedule of Expenditures of Federal Awards with related notes and the Schedule of Findings and Questioned Costs.

Profile of the Government and its Services

The County of Surry, formed in 1652, is located strategically is southeastern Virginia, 10 miles south of Williamsburg, 50 miles southeast of Richmond and 40 miles northwest of Norfolk. The County covers 306 square miles and has a population of 7,119 persons (2006 U. S Census Bureau estimate). The greater proportion of the County's land area remains rural although areas of the County are experiencing moderate residential growth. The County of Surry employs the traditional five-member Board of Supervisors form of government elected by election districts. The Board has overall administrative and legislative responsibilities including levying County taxes, appropriating funds, approving and enforcing the County's Comprehensive Plan, making and enforcing ordinances and establishing policies and procedures. The County Administrator is appointed to carryout the policy decisions of the Board and to direct the day to day activities of the County. In addition to the Board, other elected officials in the County government include the Clerk of Circuit Court, Commissioner of the Revenue, Commonwealth's Attorney, Sheriff and Treasurer.

The operation of the public school system is vested in a five-member elected School Board. The Board makes an annual appropriation to the School Board based upon an approved budget. Since the School Board is fiscally dependent on the County, the financial statements of the Surry Public School System are included as a component unit of the County in accordance with GASB Statement No. 14.

The County provides a full range of municipal services to include education, public safety (sheriff, animal control, building inspections, emergency services, volunteer fire protection and paid/volunteer rescue services), parks, recreation & culture services and activities, public works, health and welfare administration, planning & community development and general administrative services. In addition, the county provides sewer services to approximately 131 residential and commercial customers in the Town of Dendron and four business customers in the Town of Surry. The Water & Sewer Fund account for these operations.

Long-Term Financial Planning

The County employs the services of a financial advisor as needed to guide them through the long-term financial planning needed to address capital projects needs of the County. The Capital Improvements Program (CIP) is the County's plan for investing in facilities, equipment and other significant improvements. Most of the current capital projects are funded through bank qualified loans and General Obligation Bonds issued by the County. Revenue bonds are primarily used to fund water and sewer improvements. Loan payments are usually repaid over twenty years, and the annual debt payment is called "debt service". Debt

service is budgeted for and paid out of the County's annual operating budget. Debt service on the School Board Component Unit traditionally has been budgeted within the School Fund, but reflected as an operating expenditure from the General Fund for auditing purposes, since the School Division cannot legally issue debt. Newly issued debt in FY 2009 and future debt associated with Education will be budgeted under the General Fund.

Financial Policies

Financial policies relative to debt as a percentage of assessed value and general fund expenditures help guide the Board's policy making decisions on financing capital projects. The County's imposed policy states that the net debt ratio as a percentage of assessed value should not exceed 3.0%. The actual percentage is less than 1%. The total ratio of debt service as a percentage of general fund expenditures is 5.6%, below the established guideline of 10%.

The General Fund fund balance is an important element in the financial position of the County. The undesignated General Fund fund balance, which represents available current financial resources, totaled \$9.7 million at June 30, 2009. Uses of the undesignated fund balance are carefully evaluated to ensure that the balance will be sufficient to meet future obligations. In this case, a large portion is needed to finance operations of the County from July 1 through December 5 of each year. In addition, \$1.8 million of this amount was designated to the FY2010 operating and capital improvement budgets. With the undesignated General Fund balance at \$9.7 million, the County continues to maintain a sound financial position.

Major Initiatives and Significant Events in Fiscal Year 2009

Capital Projects

Public Safety Equipment Acquisition & Facility Upgrade - The Board of Supervisors approved a \$2.1 million capital spending plan that include the purchase of five fire vehicles, two ambulances, various medical equipment and the expansion of the Claremont Fire Station. At June 30, 2009, this project was nearly 75% complete, with expenditures totaling \$1.5 million.

Renovation of the Government Center and Circuit Courthouse - Significant construction work was completed on the largest capital project initiative in the County during FY 2008. Work on this major project continued through FY2009 with \$2.2 million spent. The project is expected to be completed during the 2nd Quarter of FY 2010, with carpet upgrades in the Government Center and final work on the Circuit Courthouse.

Broadband Planning Initiative - The County continued planning work for the Broadband Initiative to bring this vital communication to Surry County. The \$70,000 spent on this project in FY 2009 represents payment to the County's consultant for Phase II implementation and work spent on a regional study of broadband communications by the Hampton Roads Planning District Commission. The \$15,000 for the study was paid for by the commission. An additional \$45,000 was reimbursable to the County under a grant from the Virginia Department of Housing & Community Development. The project remained ongoing at the conclusion of June 30, 2009.

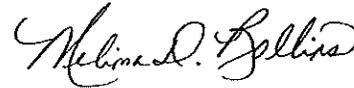

Planning & Community Development Initiative- Elberon Heights Improvement Project -The County community improvement initiative with the Elberon Heights Community continued in FY2009 with \$453,000 of the grant funds expended at June 30, 2009. This project includes funds to rehabilitate up to twelve low to moderate income housing units, area wide clearance, sanitary sewer/storm water improvements, new wells and renter assistance. Preliminary engineering, rehabilitation assistance, construction, sanitary improvements and administrative work in the combined amount of \$500,000 have been completed to date. This represents 50% of the total grant contingent upon the participation of all eligible households.

Acknowledgements

The preparation of this report could not be accomplished without the dedicated services of the Finance, Treasurer's and School Finance staff. We would like to express our appreciation to these departments and to the many other County departments who provided assistance to Robinson, Farmer, Cox Associates in preparation of a favorable financial report. We also give credit to the Board of Supervisors for their support, guidance and establishment of policies that further enhance sound financial management practices and operations.

Independent Auditor's Report

To The Honorable Members of the Board of Supervisors
County of Surry
Surry, Virginia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Surry, Virginia, as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Surry, Virginia's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Surry, Virginia, as of June 30, 2009, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 16, The County implemented GASB Statement No.45 *Accounting Financial Reporting by Employers for Post-Employment Benefits other than Pensions*, effective June 30, 2009.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2009, on our consideration of the County of Surry, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

The Management's Discussion and Analysis, budgetary comparison information, and the Schedules of Pension Funding Progress and Funding Progress for the Retiree Healthcare Plan as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Surry, Virginia's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the County of Surry, Virginia. The combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Robyn, Farn, Co. Associate

Richmond, Virginia

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the County of Surry, Virginia Annual Financial Report presents our Management Discussion and Analysis of the County's financial activities during the fiscal year that ended on June 30, 2009. Please read it in conjunction with the transmittal letter in the beginning of this report and the County's basic financial statements, which follow this analysis.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components:

1. Government-wide financial statements,
2. Fund financial statements, and
3. Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements (Full Accrual)

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private sector companies (as required under governmental reporting-GASB Statement No. 34). Government wide financial statements consist of two statements: the Statement of Net Assets and the Statement of Activities which include all the government's assets, liabilities, revenues and expenses using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or expenditures are paid.

The **Statement of Net Assets** presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The **Statement of Activities** presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the primary event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

In the Statement of Net Assets and the Statement of Activities, the County is divided into three categories:

- **Governmental activities** – Includes most of the County's basic services such as public safety, general government and judicial administration, public works, health and welfare, community development and parks & recreation. These activities are financed by local tax revenue, state revenue including grants and federal revenue primarily for welfare administration and assistance.
- **Business-type activities** - The County charges user fees to customers to help cover the costs of certain services it provides. The County's Water & Sewer Fund is included here.
- **Component Unit** - The County's Public School System is included as a separate legal entity in this report. The County is financially accountable for this "component unit" and provides operating support from local tax revenue.

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

Fund Financial Statements

Fund financial statements provide more detailed information about the County's most significant funds, not the County as a whole. Funds are used to keep track of specific sources of funding and spending for particular purposes. Some are required by state law; others are established to control and manage funds allocated for specific purposes. All of the funds of the County can be divided into two categories: governmental funds and proprietary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions or services reported as governmental activities in the government-wide financial statements. Whereas the government-wide financial statements are prepared on the accrual basis of accounting, the governmental fund financial statements are prepared on the modified accrual basis of accounting. The focus of modified accrual reporting is on near-term inflows and outflows of financial resources and the balance of financial resources available at the end of the fiscal year. Since the governmental funds focus is narrower than that of the government-wide financial statements, reconciliation between the two methods is provided at the bottom of the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances.

The County maintains budgetary control over its operating funds. The primary objective of budgetary control is to ensure compliance with the legal provisions via budget resolutions embodied in the annual appropriated budget. Budgets are adopted on a fund level. To demonstrate compliance with the budget, a budgetary comparison statement is provided for the General Fund to include variance information. The County has two major governmental funds – the General Fund and the Capital Projects Fund.

Proprietary funds – Proprietary funds consist of enterprise funds. Enterprise funds are established to account for the delivery of goods and services to the general public and use the accrual basis of accounting, similar to private sector business. The Water and Sewer Fund provides a centralized source for water/sewer services to County residents.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes also contain required supplementary information such as budgetary comparison schedules and presentation of combining financial statements for the discretely presented component unit - School Board. The School Board does not issue separate financial statements.

Required Supplementary Information

In addition to basic financial statements and notes, this report also presents budgetary comparison schedules

Financial Analysis of the County as a Whole

This Section Intentionally Left Blank

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

Statement of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a County's financial position. In the case of the County, governmental assets at June 30, 2009 exceeded liabilities by \$11.86 million while business assets exceed its liabilities by nearly \$6.0 million. The following table provides comparative information on the County's net assets as of June 30, 2008 and June 30, 2009. (Exhibit 1)

	2009	2008	2009	2008	2009	2008
Current and other assets	\$ 17,111,534	\$ 16,524,443	\$ 55,289	\$ 7,478	\$ 17,166,823	\$ 16,531,921
Capital assets	19,972,531	16,696,198	7,025,930	7,229,384	26,998,461	23,925,582
Total assets	<u>\$ 37,084,065</u>	<u>\$ 33,220,641</u>	<u>\$ 7,081,219</u>	<u>\$ 7,236,862</u>	<u>\$ 44,165,284</u>	<u>\$ 40,457,503</u>
Current liabilities	\$ 2,305,000	\$ 1,992,906	\$ 29,685	\$ 9,492	\$ 2,334,685	\$ 2,002,398
Long-term liabilities:						
Due within one year	1,226,492	672,200	51,393	50,369	1,277,885	722,569
Due in more than one year	21,685,819	17,897,421	1,006,924	1,109,353	22,692,743	19,006,774
Total liabilities	<u>\$ 25,217,311</u>	<u>\$ 20,562,527</u>	<u>\$ 1,088,002</u>	<u>\$ 1,169,214</u>	<u>\$ 26,305,313</u>	<u>\$ 21,731,741</u>
Net assets:						
Invested in capital assets, net of related debt	\$ 1,240,925	\$ 5,262,920	\$ 5,967,613	\$ 6,069,662	\$ 7,208,538	\$ 11,332,582
Unrestricted	<u>10,625,829</u>	<u>7,395,194</u>	<u>25,604</u>	<u>(2,014)</u>	<u>10,651,433</u>	<u>7,393,180</u>
Total net assets	<u><u>\$ 11,866,754</u></u>	<u><u>\$ 12,658,114</u></u>	<u><u>\$ 5,993,217</u></u>	<u><u>\$ 6,067,648</u></u>	<u><u>\$ 17,859,971</u></u>	<u><u>\$ 18,725,762</u></u>

Net Assets: Unrestricted net assets of governmental activities account for \$10.62 million or 89% of the County's net assets and is used to meet the County's ongoing obligations. The remaining balance of the County's governmental net assets (11%) is its investment in capital assets (e.g. land, buildings, systems, machinery and equipment, and infrastructure), less accumulated depreciation and any debt used to acquire those assets that remain outstanding at year-end. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Statement of Activities – Changes in Net Assets

The Statement of Activities illustrates the general revenue sources that support the various governmental operations.

Governmental Activities - Governmental activities decreased the County's net assets by \$791,360 from \$12.6 million to \$11.8 million at June 30, 2009 as shown on the Statement of Activities. Key factors associated with the decrease in net assets include:

- A decrease in interest earnings from \$872,000 in FY2008 to nearly \$300,000 in FY 2009;
- A \$75,000 (38%) increase in the operating transfer needed for business type activities;
- Other local taxes were \$264,000, down 15% from FY2008.

Business Type Activities - The net assets of the County's business-type activities also decreased from \$6.06 million in FY 2008 to \$5.99 million. This is primarily attributed to a decrease in the resources from capital grants and contributions restricted for the use of business type activities, in this case continuing operations of the County's Water & Sewer Fund. The County's general fund provided \$267,361 in operational support for the Water & Sewer Fund in FY 2009. The following table shows the revenues and expenses of the governmental and business type activities: (Exhibit 2)

**Surry County, Virginia

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County of Surry uses fund accounting to ensure and demonstrate compliance with budgetary related legal requirements. The following is a financial analysis of the County's governmental funds.

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

Governmental Funds – Revenue Analysis

The County's total revenues from general fund were \$22.0 million for the fiscal year ended June 30, 2009. General Fund revenue increased slightly by 1.23% from FY 2008. General property taxes, the largest source of revenue, were \$17.63 million. It is composed of primarily public service corporation taxes (\$10.57 million), real estate taxes (\$5.8 million) and personal property taxes (\$1.09 mil). Approximately 80% of the County's revenue from governmental activities is derived from property taxes as shown in the table of Revenue Classified by Source (Exhibit 3).

The other local taxes revenue category, which includes local sales and use taxes, business and automobile licenses, utility consumption and communication taxes and the recordation tax totaled \$754,536 and is the second largest local revenue source. This represented a 13.5% increase over the previous year due primarily to a 38% increase in sales tax revenue. Revenue from the use of money and property is associated with investments; a significant decrease is partly due to a continued decline in short-term interest rates.

Revenues Classified by Source - Governmental Funds

	June 30, 2009		June 30, 2008		Increase/(Decrease)	
	Amount	% of Total	Amount	% of Total	Amount	% of Change
General Property Taxes	17,637,845	79.92%	17,442,571	80.01%	195,274	1.12%
Other Local Taxes	754,536	3.42%	664,638	3.05%	89,898	13.53%
Permits, fees and regulatory licenses	48,036	0.22%	61,447	0.28%	(13,411)	-21.83%
Fines & Forfeitures	24,902	0.11%	15,245	0.07%	9,657	63.35%
Use of Money & Property	249,149	1.13%	469,209	2.15%	(220,060)	-46.90%
Charges for Services	74,826	0.34%	81,625	0.37%	(6,799)	-8.33%
Miscellaneous & Recovered Cost	37,791	0.17%	55,365	0.25%	(17,574)	-31.74%
Intergovernmental:						
Commonwealth	2,350,015	10.65%	2,135,005	9.79%	215,010	10.07%
Federal	893,467	4.05%	876,693	4.02%	16,774	1.91%
Total Revenues	22,070,567	100%	21,801,798	100%	268,769	1.23%

Intergovernmental Revenue consisting of state and federal revenues totaled \$3.24 million during FY2009, increased by \$238,000 or 7.69%. Revenue from the commonwealth for non categorical aid remained constant in FY 2009 with the majority of this source consisting of the personal property tax relief reimbursement of \$677,907. Revenue for shared expenses of the constitutional offices and electoral board/registrar increased by \$38,000 while other categorical aid consisting of *welfare administration* and *federal & state grants* increased by \$75,000 and \$120,000 respectively.

Governmental Funds Expenditure Analysis

The following table of Expenditures by Function compares current year to prior year amounts (Exhibit 5). The accompanying analysis provides additional information on the County's expenditures by function that changed significantly over the prior year.

This section intentionally left blank.

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

Expenditures by Function - Governmental Funds

	June 30, 2009		June 30, 2008		Increase/(Decrease)

Parks, Recreation & Cultural	540,575	2.59%	506,431	2.41%	34,144	6.32%
Community Development	433,494	2.07%	463,846	2.21%	(30,352)	-7.00%
Debt Service: Principal Retirement	734,832	3.51%	671,901	3.20%	62,931	8.56%
Debt Service: Interest Payments	408,867	1.96%	79,989	0.38%	328,878	80.44%
Total Expenditures	20,910,007	100%	21,003,739	100%	(93,732)	-0.45%

The County's total general fund expenditures of \$20.9 million for the fiscal year ended June 30, 2009 cover a wide range of services, with 52.2% or \$10.92 million for education (payments to the School System, a component unit), 12% or \$2.53 million for public safety, 11.29% or \$2.36 million for health and welfare services, 7.4% or \$1.55 million related to general government administration, \$1.14 million or 5.4% for debt service and 4.89% or \$1.02 million for public works. The remaining 6.56% include expenditures for other services to include parks & recreation, community development and judicial administration. Expenditures for the fiscal year ended June 30, 2009 (excluding education) increased by 12.0% from the previous year. Salary increases ranging from 2-3% across the board, increases in the Virginia Retirement System rates, workers compensation cost and filling of vacant and new positions in judicial administration, general government administration and public safety are all factors associated with this increase. Others include:

- **General Government Administration** – Legal cost associated with environmental issues potentially impacting the County up \$80,000, contingency acquisition of county property, \$37,000;
- **Public Safety** – Increased costs for care and confinement of prisoners up \$30,000, grant expenditures in the amount of \$140,000 for the Sheriff's Department, fully reimbursed to the County in FY 2009 and FY 2010; re-classification of emergency E911 fund to the general fund with expenditures totaling \$25,000 and animal control program expenses were up \$15,000 for shelter operations.
- **Public Works** – Increased costs for the maintenance of grounds and current and new facilities up \$51,000 in electricity costs.
- **Health & Welfare** – The local contribution to the Health Department was \$39,000 more due to the payment of three quarters of the contribution in the prior fiscal year.
- **Debt Service Administration** – Total principal and interest payments grew nearly \$400,000 or 52% in FY 2009 primarily due to the capitalized interest payments due on the \$15.0 million note and the payments due on newly issued debt during FY 2009. Details on long-term debt are included in the notes to the financial statements.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The **General Fund** is the primary operating fund of the County. At the end of the current fiscal year, unreserved fund balance was \$9,744,681, a decrease of \$425,534 from the prior year. Primarily, the County's ending fund balance at June 30th is used to fund financial obligations of the County from July through December 5th of each year at which time the County receives its largest payment of revenue. From July 1st, the beginning of its fiscal year, to December 5th, only a small percentage of the County's total revenue for fiscal year is received. This percentage includes portions of federal and state reimbursements, fees for services, permits and fines, and a very small amount of tax payments. Therefore, not all of the \$9.7 million is available for spending at the County's discretion.

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

Please note the following regarding the General Fund:

- The FY 2010 budget includes a provision for the use of \$1.78 million of the fund balance remaining at the conclusion of FY 2009 to finance both the operating and capital project expenditures of the County. The use of unreserved fund balance was a critical resource in light of economic challenges impacting the FY2010 budget.
- As a measure of the general fund's liquidity, it may be useful to compare the unreserved fund balance to total fund expenditures. The unreserved fund balance of the general fund represents 46.6% of total general fund expenditures, which is well above the County's policy of maintain reserves of at least 25% of general fund expenditures and county funded capital project expenditures.

The **Capital Projects Fund** consists of the non-operating expenditures to reflect the capital needs of the County (i.e. building improvement projects, technology improvements, special projects and studies, highway improvements, etc.). The fund's balance of \$4,140,348 reflects the remaining assets available for construction projects at June 30, 2009.

Please note the following regarding the Capital Projects Fund:

- The fund balance of \$4.14 million is reserved for major projects financed by bond and loan proceeds:
 - Renovation of Surry County High School
 - Public Safety- Acquisition of Vehicles, Equipment & Fire Station Modification
 - Courthouse/Government Center Renovation Project which was 90% complete at June 30, 2009.
- Total expenditures in the fund for FY2009 were \$5,527,490 comprised of the following:
 - 82.8% or \$4.57 million represent expenditures for projects financed via debt; proceeds are reimbursed to the County. Of this amount, \$2.21 million represented expenditures associated with the courthouse/government center expansion and renovation project, down from \$7.8 million spent in the prior year; expenditures for the public safety project was \$1.53 million and \$823,497 was expended for the High School Renovation Project.
 - Projects associated with reimbursed based grants represent 9.4% of the total capital project expenditures or \$523,374
 - The remaining 7.8% or \$432,000 represents projects financed by the County on a pay-as-you-go basis.

General Fund Budgetary Highlights

Surry County generally takes a conservative approach to financial management, staying well within budgetary limits for expenditures during the fiscal year. Fiscal year 2009 had general fund operating expenditures of \$1.16 million below the revised budget. The County's budget was amended during FY2009 to reflect grants, carry forward of unspent appropriations from FY 2008 and other unanticipated revenues. The overall difference between current fiscal year original budget and the final amended budget was \$282,184. The net increase in expenditure allocation is primarily associated with following:

- A decrease of \$31,667 in general government administration which represent governmental transfers and payments from the Contingency Fund. The following departments received supplemental appropriations from the Contingency Fund:
 - Animal Control - \$25,000 (Facility and equipment upgrades)
 - The Improvement Association- \$1,667 (Local match requirement for grant)
 - Sussex County - \$5,000 (Use of court facilities)
- Public Safety increased by \$287,454 for the following reasons:
 - \$16,128 to Fire and Rescue agencies in Fire Program grant funds
 - \$13,240 in Four- For- Life funds for the Surry Rescue Squad
 - Federal and state grant funds (Buffer Zone Protection Equipment) to the Sheriff Department in the amount of \$161,475
 - \$67,916 to Emergency Services due to the allocation of various state and federal grants related to Homeland Security and Radiological Preparedness.
- Health & Welfare increased by \$10,000 for Project Plead grant funds allocated to the Improvement Association.
- An increase of \$15,454 spreaded throughout various other departments.

Surry County, Virginia
MANAGEMENT'S DISCUSSION AND ANALYSIS

Capital Asset and Debt Administration

Capital assets - The County's investment in capital assets for its governmental operations as of June 30, 2009 amounts to \$19.97 million (net of accumulated depreciation). This represents a net increase of 3.27 million (net of depreciation) primarily related to construction in progress and related equipment. The investment in capital assets includes land, buildings, systems, and machinery and equipment. Additional information on the County's capital assets can be found in the notes of this report.

Major capital asset events during the fiscal year included the following:

- Construction in progress of the Surry County High School. \$823,000 was spent on the project at year. The project will continue through FY 2010.
- Construction in progress for the courthouse/government center project. Expenditures for the project in FY2009 were \$2.2 million. A portion of the proceeds remaining from this project will be used to help finance the High School Renovation Project.
- Acquisition of fire trucks and public safety equipment in the amount of \$1.530 mil. This project will continue through FY 2010.

Long-Term Debt

At the end of the current fiscal year, the County had total debt outstanding of \$21.9 million (excluding compensated absences, OPEB and landfill liability). Of this amount, \$15.1 comprises debt backed by the full faith and credit of the County via bank loans payables and capital leases. The remainder of the County's debt represents bonds secured solely by specified revenue sources through revenue bonds.

The amount of debt outstanding related to School Board activities is \$3.8 million of the total outstanding general obligation bonds of the governmental activities.

During the current fiscal year, the County's total debt decreased by \$836,237 (excludes compensated absences, OPEB and landfill liability).

Additional information on the County of Surry, Virginia's long-term debt can be found in Note 7 of this report.

Economic Factors and Next Year's Budget and Rates

- The average unemployment rate for the County for the fiscal year ending June 30, 2009 was 7.6%, an increase of 3.1 percent from the same period last year. The rate at December 2008 increased to 5.6%, just above the state's average unemployment rate of 5.1%. Generally, the County's unemployment rate has tracked slightly above the state's average.
- The fiscal year 2010 operating budget for all funds is \$28.4 mil, an increase of 2.2% from the fiscal year 2009 budget.
- Tax rates for future periods are dependent on the effects of fluctuations in the assessed valuations of real property. For 2010, the real estate tax rate remained at \$0.70 per \$100 of assessed value.

Requests for Information

This financial report is designed to provide all those with an interest in the County's finances with a general overview of the finances and to demonstrate the County's accountability for the funds it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County Administrator, Post Office Box 65, Surry, Virginia 23883.

County of Surry, Virginia
 Reconciliation of the Balance Sheet of Governmental Funds
 To the Statement of Net Assets
 June 30, 2009

Amounts reported for governmental activities in the Statement of Net Assets are different because:

Total fund balances per Exhibit 3 - Balance Sheet - Governmental Funds		\$ 14,502,299
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		19,972,531
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.		676,423
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. The following is a summary of items supporting this adjustment:		
Capital leases	\$ (123,373)	
General obligation bonds	(3,719,681)	
Revenue bond payable	(2,010,296)	
Bank loan payable	(15,000,000)	
Compensated absences	(243,146)	
OPEB Liability	(6,200)	
Landfill postclosure care	(1,809,615)	
Accrued interest payable	(372,188)	(23,284,499)
Net assets of governmental activities		\$ 11,866,754

County of Surry, Virginia
 Reconciliation of Statement of Revenues,
 Expenditures, and Changes in Fund Balances of Governmental Funds
 To the Statement of Activities
 For the Year Ended June 30, 2009

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds \$ 289,246

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following is a summary of items supporting this adjustment:

Capital outlay	\$ 4,625,048	
Depreciation	(535,843)	
Transfer of joint tenancy assets to Component Unit from Primary Government	(812,872)	3,276,333

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 90,894

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. The following is a summary of items supporting this adjustment:

Principal retired on capital leases	\$ 290,128	
Principal retired on school general obligation bonds	355,000	
Principal retired on revenue bond payable	89,704	
Issuance of revenue bond payable	(2,100,000)	
Issuance of general obligation bonds	(2,950,000)	
Bond issuance premium	(69,681)	
Decrease in landfill postclosure liability	101,771	(4,283,078)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

The following is a summary of items supporting this adjustment:

Decrease (increase) in accrued leave	\$ (53,412)	
Decrease (increase) in OPEB liability	(6,200)	
Decrease (increase) in interest payable	(105,143)	(164,755)

Change in net assets of governmental activities \$ (791,360)

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements As of June 30, 2009

Note 1—Summary of Significant Accounting Policies:

The County of Surry, Virginia (the "County") is governed by an elected five member Board of Supervisors. The County provides a full range of services for its citizens. These services include police and fire protection, sanitation services, recreational activities, cultural events, education, and social services.

The financial statements of the County of Surry, Virginia have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board. The more significant of the government's accounting policies are described below.

Management's Discussion and Analysis - GASB Statement No. 34 requires the financial statements be accompanied by a narrative introduction and analytical overview of the government's financial activities in the form of "Management's Discussion and Analysis" (MD&A).

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements - The reporting model includes financial statements prepared using full accrual accounting for all of the government's activities. This approach includes not just current assets and liabilities but also capital assets and long-term liabilities (such as buildings and general obligation debt).

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Statement of Net Assets - The Statement of Net Assets is designed to display financial position of the primary government (government and business-type activities) and its discretely presented component unit. Governments will report all capital assets in the government-wide Statement of Net Assets and will report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net assets of a government will be broken down into three categories - 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)

As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

Statement of Activities - The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of each of the government's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Budgetary Comparison Schedules - Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under the reporting model, governments provide budgetary comparison information in their annual reports, including a requirement to report the government's original budget with the comparison of final budget and actual results.

A. Financial Reporting Entity

The basic criterion for determining whether a governmental department, agency, institution, commission, public authority, or other governmental organization should be included in a primary governmental unit's reporting entity for the basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity. These financial statements present the County of Surry (the primary government) and its component units. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

B. Individual Component Unit Disclosures

Blended Component Unit. The County has no blended component units at June 30, 2009.

Discretely Presented Component Units. The School Board members are elected by the citizens of Surry County. The School Board is responsible for the operations of the County's School System within the County boundaries. The School Board is fiscally dependent on the County. The County has the ability to approve its budget and any amendments. The primary funding is from the General Fund of the County. The School Fund does not issue a separate financial report. The financial statements of the School Board are presented as a discrete presentation of the County financial statements for the fiscal year ended June 30, 2009.

C. Other Related Organizations Included in the County's Financial Report

None

Excluded from the County's Annual Financial Report

District 19 Community Services Board

The District 19 Community Services Board is considered a jointly governed organization and therefore its operations are not included in the County's financial statements. The governing body of this organization is appointed by the participating jurisdictions which include the Cities of Colonial Heights, Emporia, Hopewell, Petersburg and the Counties of Surry, Greensville, Dinwiddie, Prince George and Sussex. The governing board has the ability to execute contracts and to budget and expend funds. No one locality contributes more than 50% of the Board's funding or has oversight responsibility over its operations. Surry County contributed \$56,867 to the District 19 Community Services Board for the fiscal year ended June 30, 2009.

Riverside Regional Jail

The Riverside Regional Jail is considered a jointly governed organization and therefore its operations are not included in the County's financial statements. The governing body of this organization is appointed by respective governing bodies of the participating jurisdictions. The governing board has the ability to execute contracts and to budget and expend funds. No one locality contributes more than 50% of the Board's funding or has oversight responsibility over its operations.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared in accordance with pronouncements issued by the Governmental Accounting Standards Board. The principles prescribed by GASB represent generally accepted accounting principles applicable to governmental units.

The County applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989 unless these pronouncements conflict with or contradict GASB pronouncements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) which are otherwise being supported by general government revenues, (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.) or a business-type activity.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as deferred revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally within two months preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when cash is received by the government.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds. The operation of each fund is considered to be an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Governmental Funds

Governmental Funds are those through which most governmental functions typically are financed. The County reports the General and Capital Project Funds as major governmental funds.

The General Fund is the primary operating fund of the County. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used principally to finance the operations of the Component Unit School Board.

Capital Projects Funds - Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities.

Proprietary Funds - Account for operations that are financed in a manner similar to private business enterprises. The Proprietary Fund measurement focus is upon determination of net income, financial position, and changes in financial position. Proprietary Funds consist of Enterprise Funds.

Enterprise Funds - Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The County's Enterprise Funds consist of the Water & Sewer Fund.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Governmental Funds (Continued)

The County reports the following non-major governmental funds:

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific revenue sources (other than major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Fiduciary Funds - (Trust and Agency Funds) - Account for assets held by the County unit in a trustee capacity or as an agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Agency Funds. These funds utilize the accrual basis of accounting described in the Governmental Fund Presentation. Fiduciary funds are not included in the government-wide financial statements.

E. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government.

F. Investments

Investments are stated at fair value which approximates market; no investments are valued at cost. Certificates of deposit and short-term repurchase agreements are reported in the accompanying financial statements as cash and cash equivalents.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements.

G. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portions of the interfund loans). All other outstanding balances between funds are reported as "advances to/from other funds."

All trade and property tax receivables are shown net of an allowance for uncollectibles. The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$121,989 at June 30, 2009 and is comprised of property taxes of \$117,063 and water and sewer charges of \$4,926.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

G. Receivables and Payables (Continued)

Real and Personal Property Tax Data:

The tax calendars for real and personal property taxes are summarized below.

	<u>Real Property</u>	<u>Personal Property</u>
Levy	January 1	January 1
Due Date	December 5	December 5
Lien Date	January 1	January 1

The County bills and collects its own property taxes.

H. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the County as land, buildings, and equipment with an initial individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. The County does not have any infrastructure in its capital assets since roads, streets, bridges and similar assets within its boundaries are the property of the Commonwealth of Virginia. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	40
Furniture, Vehicles, Office and Computer Equipment	5-20
Buses	10

I. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as an expense in the Statement of Activities and a long-term obligation in the Statement of Net Assets. In accordance with the provisions of Governmental Accounting Standards No. 16, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to received sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that is estimated will be taken as "terminal leave" prior to retirement.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 1—Summary of Significant Accounting Policies: (Continued)

J. Retirement Plan

Retirement plan contributions are actuarially determined and consist of current service costs and amortization of prior service cost over a 30-year period. The County's policy is to fund pension cost as it accrues.

K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

M. Net Assets

Net assets are the difference between assets and liabilities. Net assets invested in capital assets represent capital assets, less accumulated depreciation less any outstanding debt related to the acquisition, construction or improvement of those assets.

N. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums on issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Note 2—Stewardship, Compliance, and Accounting:

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. On or before March 30th, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 2—Stewardship, Compliance, and Accounting: (Continued)

3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the department or category level. The appropriation for each department or category can be revised only by the Board of Supervisors. The County Administrator is authorized to transfer budgeted amounts within general government departments; however, the School Board is authorized to transfer budgeted amounts within the school system's categories.
5. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
6. Appropriations lapse on June 30, for all County units.

Expenditures and Appropriations

Expenditures did not exceed appropriations in any fund at June 30, 2009.

Note 3—Deposits and Investments:

Deposits

All cash of the primary government and its discretely presented component unit is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400 et. seq. of the Code of Virginia or covered by federal depository insurance.

Investments

Statutes authorize the County to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP).

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)

As of June 30, 2009

Note 3—Deposits and Investments: (Continued)

Credit Risk of Debt Securities

The County's rated debt investments as of June 30, 2009 were rated by Standard & Poor's and the ratings are presented below using the Standard & Poor's rating scale.

<u>Locality's Rated Debt Investments' Values</u>	
<u>Rated Debt Investments</u>	<u>Fair Quality Ratings</u>
	<u>AAAm</u>
Local Government Investment Pool	\$ 10,751,838
U.S. Treasury Money Market Fund	667,360
Virginia State Non-Arbitrage Pool	<u>2,584,375</u>
Total	<u>\$ 14,003,573</u>

Interest Rate Risk

According to the County's investment policy, funds should be invested with maturity dates that will help meet semi-monthly cash requirements.

<u>Investment Maturities (in years)</u>		
<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than 1 Year</u>
U.S. Treasury Money Market Fund	\$ 667,360	\$ 667,360
Total	<u>\$ 667,360</u>	<u>\$ 667,360</u>

External Investment Pools

The State Non-Arbitrage Pool (SNAP) is an open-end management investment company registered with the Securities and Exchange Commission (SEC). The fair value of the positions in the Local Government Investment Pool (LGIP) is the same as the value of the pool shares. As the LGIP is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP maintains a policy to operate in a manner consistent with SEC Rule 2a-7.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 8—Capital Leases:

The government has entered into lease agreements as lessee for financing the acquisition of equipment & vehicles. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

	Primary Government	
	Incurred by County	Incurred by School Board
Asset:		
Equipment	\$ 173,735	\$ 879,295
Less: accumulated depreciation	(173,735)	(154,612)
Total	\$ -	\$ 724,683

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2009, were as follows:

Year Ended June 30	Primary Government	
	Incurred by County	Incurred by School Board
2010	\$ 19,439	\$ 104,824
Total minimum lease payments	\$ 19,439	\$ 104,824
Less: amount representing interest	(139)	(751)
Present value of minimum lease payments	\$ 19,300	\$ 104,073

Note 9—Deferred Revenue:

Deferred revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Deferred revenue totaling \$679,038 is comprised of the following:

Deferred Property Tax Revenue - Deferred revenue representing uncollected tax billings not available for funding of current expenditures totaled \$676,423 at June 30, 2009.

Prepaid Property Taxes - Property taxes due subsequent to June 30, 2009 but paid in advance by the taxpayers totaled \$2,615 at June 30, 2009.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 10— Commitments and Contingent Liabilities:

Federal programs in which the County and its discretely presented component unit participate were audited in accordance with the provisions of the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Pursuant to the provisions of this circular all major programs and certain other programs were tested for compliance with applicable grant requirements.

While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests which may result in disallowed expenditures. In the opinion of management, any future disallowance of current grant program expenditures, if any, would be immaterial.

The following construction contracts were outstanding at June 30, 2009:

<u>Project</u>	<u>Contractor</u>	<u>Contract Amount</u>	<u>Amount Outstanding</u>
Circuit Court Renovations	WM Schlosser Co. Inc	\$ 10,723,000	\$ 147,892
High School Renovations	E.T. Gresham Co. Inc	1,907,115	1,476,450

Note 11—Litigation:

At June 30, 2009, there were no matters of litigation involving the County that would materially affect the County's financial position should any court decisions on pending matters not be favorable to the County.

Note 12 —Risk Management:

The County and the Component Unit School Board are exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries insurance.

The County and the School Board are members of the Virginia Municipal Group Self Insurance Association for workers' compensation. This program is administered by a servicing contractor, which furnishes claims review and processing.

Each Association member jointly and severally agrees to assume, pay and discharge any liability. The County and School Board pay Virginia Municipal Group contributions and assessments based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims and awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County and School Board also participates with other localities in a public entity risk pool for their coverage of general liability and auto insurance with Virginia Municipal League and public officials liability with the Virginia Association of Counties Group Self Insurance Risk Pool. The County and School Board pay an annual premium to the pools for general insurance through member premiums. The County and School Board continue to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

COUNTY OF SURRY, VIRGINIA

As of June 30, 2009

Note 13 – Defined Benefit Pension Plan:

Primary Government and Discretely Presented Component Unit-School Board:

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)
Identification of Plan: Agent and Cost-Sharing Multiple-Employer Defined Benefit Pension Plan
Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent employees of participating employers must participate in the VRS. Benefits vest after five years of service. Employees are eligible for an unreduced retirement benefit at age 65 with 5 years of service (age 60 for participating local law enforcement officers, firefighters, and sheriffs) or at age 50 with at least 30 years of service if elected by the employer (age 50 with at least 25 years of service for participating local law enforcement officers, firefighters, and sheriffs) payable monthly for life in an amount equal to 1.70% of their average final compensation (AFC) for each year of credited service (1.85% for sheriffs and if the employer elects, for other employees in hazardous duty positions receiving enhanced benefits). Benefits are actuarially reduced for retirees who retire prior to becoming eligible for full retirement benefits. In addition, retirees qualify for annual cost-of-living adjustment (COLA) beginning in their second year of retirement. The COLA is limited to 5.00% per year. AFC is defined as the highest consecutive 36 months of reported compensation. Participating local law enforcement officers, firefighters, and sheriffs may receive a monthly benefit supplement if they retire prior to age 65. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from their website at <http://www.varetire.org/pdf/publications/2008AnnuRept.pdf> or obtained by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, Virginia 23218-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5.00% of their annual salary to the VRS. This 5.00% member contribution may be assumed by the employer. In addition, the County and School Board are required to contribute the remaining amounts necessary to fund their participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The County and School Board non-professional employees' contribution rates for the fiscal year ended 2009 were 7.20% and 6.91% of annual covered payroll, respectively.

The Surry County School Board professional employees current rate is 8.81% of annual covered payroll. The contribution requirements of plan members and Surry County School Board are established and may be amended by the VRS Board of Trustees. The School Board's contributions to VRS for the years ending June 30, 2009, 2008, and 2007 were \$701,587, \$779,186, and \$668,124, respectively, and equal to the required contributions for each year.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 13 – Defined Benefit Pension Plan: (Continued)

Primary Government and Discretely Presented Component Unit-School Board: (Continued)

C. Annual Pension Cost

For the fiscal year 2009, the County’s annual pension cost of \$229,118 (which does not include the employee’s share assumed by the County of \$159,110) which was equal to the County’s required and actual contributions.

For the fiscal year 2009, the County School Board’s annual pension cost for the Board’s non-professional employees was \$71,460 (which does not include the employee’s share assumed by the School Board of \$51,708) which was equal to the Board’s required and actual contributions.

Three-Year Trend Information			
Fiscal Year Ending	Annual Pension Cost (APC) (1)	Percentage of APC Contributed	Net Pension Obligation
County:			
June 30, 2009	\$ 229,118	100%	\$ -
June 30, 2008	166,064	100%	-
June 30, 2007	157,075	100%	-
School Board:			
Non-Professional:			
June 30, 2009	\$ 71,460	100%	\$ -
June 30, 2008	41,478	100%	-
June 30, 2007	41,837	100%	-

(1) Employer portion only

The required contribution was determined as part of the June 30, 2007 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2007 included (a) an investment rate of return (net of administrative expenses) of 7.50%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the County’s and School Board’s assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The County’s and School Board’s unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2007 was 20 years.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 13 – Defined Benefit Pension Plan: (Continued)

Primary Government and Discretely Presented Component Unit-School Board: (Continued)

D. Funded Status and Funding Progress

As of June 30, 2008, the most recent actuarial valuation date, the plan was 91.25% funded. The actuarial accrued liability for benefits was \$12,921,580, and the actuarial value of assets was \$11,791,428, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,130,152. The covered payroll (annual payroll of active employees covered by the plan) was \$2,998,520, and ratio of the UAAL to the covered payroll was 37.69%.

As of June 30, 2008, the most recent actuarial valuation date, the School Board's Non-Professional plan was 94.52% funded. The actuarial accrued liability for benefits was \$4,803,356, and the actuarial value of assets was \$4,540,241, resulting in an unfunded actuarial accrued liability (UAAL) of \$263,114. The covered payroll (annual payroll of active employees covered by the plan) was \$940,194, and ratio of the UAAL to the covered payroll was 27.99%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability (AAL) for benefits.

Note 14 – Surety Bonds:

	<u>Amount</u>
Division of Risk Management Surety Bond:	
Commonwealth Funds	
Gail P. Clayton, Clerk of the Circuit Court	\$ 380,000
Mary H. Shaw, Treasurer	300,000
Deborah J. Nee, Commissioner of the Revenue	3,000
Harold D. Brown, Sheriff	30,000
The Continental Insurance Company-Surety:	
All Social Services Employees-blanket bond	100,000

Note 15 – Landfill Closure and Postclosure Care Cost:

The \$1,809,615 reported as landfill postclosure liability at June 30, 2009, represents the estimated liability for postclosure monitoring. This amount is based on what it would cost to perform all postclosure care in 2009 over a remaining period of 26 years. Actual costs may be higher due to inflation, changes in technology or changes in regulations.

The County has demonstrated financial assurance requirements for closure, postclosure care, and corrective action costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)
As of June 30, 2009

Note 16 – Postemployment Benefits Other Than Pensions:

Plan Description

The County allows retirees that retire at the age of 50 with at least 30 years of service to remain on their health insurance plan. Health benefits include medical, dental and vision. The retiree is responsible for 100% of the premium. Benefits are for the life of the retiree and spouse. The spouse can continue coverage after the death of the retiree. At age 65 the retiree can only enroll in the Key Advantage 65 medical option.

The Surry County Public Schools allows retirees that retire with a combined age and years of service that total at least 85 to remain on the health insurance plan. Health benefits include medical, dental and vision. The retiree is responsible for 100% of the premium. Benefits are for the life of the retiree and spouse as long as its continuous coverage. The spouse can continue coverage after the death of the retiree.

Funding Policy

The County and School Board's retirees pay 100% of the premiums directly to Anthem BCBS. The Schools currently have 3 retirees and 1 spouse on their plan. The County also has 3 retirees and 1 spouse on their plan.

Annual OPEB Cost and Net OPEB Obligation

The County and School Board's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*. The County and School Board have elected to calculate the ARC as the normal cost plus amortization of the unfunded portion of actuarial accrued liability in accordance with GASB 45 parameters. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The estimated contributions are based on projected medical premium payments and credit for the implicit rate subsidy made during the year for the retired employees by the County and School Board. The following table shows the components of the County and School Board's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County and School Board's net OPEB obligation to the Retiree Health Plan:

	<u>COUNTY</u>	<u>SCHOOLS</u>
Annual required contribution	\$ 10,000	\$ 29,200
Interest on net OPEB obligation	-	-
Adjustment to annual required contribution	-	-
Annual OPEB cost (expense)	\$ 10,000	\$ 29,200
Estimated Contributions made	(3,800)	(16,600)
Increase in net OPEB obligation	6,200	12,600
Net OPEB obligation-beginning of year	-	-
Net OPEB obligation-end of year	\$ <u>6,200</u>	\$ <u>12,600</u>

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)

As of June 30, 2009

Note 16 – Postemployment Benefits Other Than Pensions: (Continued)

Annual OPEB Cost and Net OPEB Obligation (Continued)

The County and School Board's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2009 were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
County :			
6/30/2009	\$ 10,000	38.00%	\$ 6,200
Schools:			
6/30/2009	\$ 29,200	56.85%	\$ 12,600

Funded Status and Funding Progress

As of January 1, 2009, the most recent actuarial valuation date, the County's actuarial accrued liability for benefits was \$113,300, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$3,081,000, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 3.68 percent.

As of January 1, 2009, the most recent actuarial valuation date, the School Board's actuarial accrued liability for benefits was \$341,700, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$8,304,100, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 4.11 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples included assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

COUNTY OF SURRY, VIRGINIA

Notes to Financial Statements (Continued)

As of June 30, 2009

Note 16 – Postemployment Benefits Other Than Pensions: (Continued)

Actuarial Methods and Assumptions (Continued)

The following simplifying assumptions were made:

Retirement age for active employees-Retirement age was estimated based on tables used for the VRS pension valuation and assumed that participants begin to retire when they become eligible to receive healthcare benefits.

Mortality-Life expectancies were based on mortality tables from the RP-2000 Combined Healthy mortality tables for males and females projected to 2010 using Scale AA.

Coverage elections -The actuary assumed that 20% of eligible retirees will elect coverage and that 20% of retirees who elect coverage will cover a spouse.

Based on the historical and expected returns of the County and School Board's short-term investment portfolio, a discount of 4.0% was used. In addition, the projected unit credit actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2009 was thirty years.

Fund balances - beginning	-	-	-
Fund balances - ending	<u>\$ -</u>	<u>\$ 18,407</u>	<u>\$ 18,407</u>

Amounts reported for governmental activities in the Statement of Activities (Exhibit 2) are different because:

Net change in fund balances - total governmental funds - per above \$ 18,407

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period. The following is a summary of items supporting this adjustment:

Capital outlay	\$ 607,640	
Depreciation expense	(953,360)	
Transfer of joint tenancy assets to Component Unit from Primary Government	<u>755,540</u>	409,820

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

(Increase) decrease in OPEB liability	\$ (12,600)	
(Increase) decrease in compensated absences	<u>14,760</u>	2,160

Change in net assets of governmental activities \$ 430,387

A PROFESSIONAL LIMITED LIABILITY COMPANY

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

TO THE HONORABLE MEMBERS OF THE BOARD OF SUPERVISORS
COUNTY OF SURRY
SURRY, VIRGINIA

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Surry, Virginia, as of and for the year ended June 30, 2009, which collectively comprise the County of Surry, Virginia's basic financial statements and have issued our report thereon dated December 2, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County of Surry, Virginia's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Surry, Virginia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County of Surry, Virginia's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County of Surry, Virginia's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County of Surry, Virginia's financial statements that is more than inconsequential will not be prevented or detected by the County of Surry, Virginia's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County of Surry, Virginia's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Surry, Virginia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters involving the internal control and its operation that we have reported to management of the County of Surry, Virginia, in a separate letter dated December 2, 2009.

This report is intended solely for the information and use of management, the Board of Supervisors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CERTIFIED PUBLIC ACCOUNTANTS

A PROFESSIONAL LIMITED LIABILITY COMPANY

Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133

TO THE HONORABLE MEMBERS OF THE BOARD OF SUPERVISORS
COUNTY OF SURRY
SURRY, VIRGINIA

Compliance

We have audited the compliance of the County of Surry, Virginia, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. The County of Surry, Virginia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County of Surry, Virginia's management. Our responsibility is to express an opinion on the County of Surry, Virginia's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of Surry, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County of Surry, Virginia's compliance with those requirements.

In our opinion, the County of Surry, Virginia complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control Over Compliance

The management of the County of Surry, Virginia is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County of Surry, Virginia's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Surry, Virginia's internal control over compliance.

Internal Control Over Compliance (Continued)

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County of Surry, Virginia's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the County of Surry, Virginia's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the County of Surry, Virginia's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Supervisors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
